We purchased some sandstone pavers from Gold Coast Natural Stone in November 2011. They were Dusk Himalayan sandstone 500mm pavers.

We had our Son Brendon install the paving for us as he is a Landscaper visiting over Christmas. At 1st he was not happy we chose sandstone pavers. He said they are no good and varied too much in size.

He was pleasantly surprised at how good the sandstone was. The end result looks amazing.

Thank you Gold Coast Natural Stone thanks to you and our Brendon of cause our patio and entertainment area is fantastic.
